

PET KARE CLINIC

ACUPUNCTURE TREATS A LOT MORE THAN PAINFUL CONDITIONS!

Many conditions can be helped by acupuncture. Arthritis, stiffness, muscle injuries, back pain, kidney disease, liver disease, anxiety, auto immune disorders, skin conditions, digestive disorders and some behavioral disorders.

If you have any questions about whether Acupuncture might be the right option for your pet feel free to contact us for an initial consultation with Dr. Paige Lorimer (certified veterinary acupuncturist)
